www.volvocars.us

For a lifetime, we have protected and celebrated life: of the occupants of our cars and of the world around them. Since our life began in 1927, we've learned a great deal about keeping people safe, through extensive testing and by researching real-life accidents. In fact, while the entire automobile industry makes use of Volvo safety concepts, we continue to develop new ones.

One of the things we've discovered is that although safety is enhanced through the interaction of sophisticated systems, it is most importantly the product of the relationship between car and driver. This bond is where dynamic driving begins. With this in mind, we have designed a Volvo that is not only thrilling to drive, but is also safer than ever before; for people and for the environment in which they live.

Maybe that's why, even after all these years, we still find safety so exciting. Welcome to the carmaker that never takes life for granted.

VOLVO. FOR LIFE

**THE VOLVO S60.
A PERFECT AFFAIR**

Its attraction is both logical and emotional. However you choose to measure it, the Volvo S60 is a compelling choice. It has a powerful persona and a seductive sense of style. It's a charismatic mix of art and engineering, and a sportsman through and through. If you're motivated by the purity of a car that's built for the love of driving, this one might be for you.

COME CLOSER

The driving environment is inviting. The seat is snug, the setting serene. There's space to stretch your legs, and a feeling of close proximity to the instruments. The clean lines of the cabin encompass an array of intuitive controls.

< BUILT-IN NAVIGATOR *

The optional Volvo Navigation System helps guide you to your destination, be it to the home of a friend in an unfamiliar city or to the welcome sight of a hotel along the way. The system's voice guidance and ergonomically designed controls help keep your attention on the road, secure in the knowledge that the road is taking you where you want to go.

*Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road and traffic information. Always follow relevant regulations and road information.

INTUITIVE DRIVING >

Lean back and let the nearly infinite range of adjustments in the driver's seat offer pampering support. Everything you need is perfectly placed. With both hands on the wheel, you're in position to operate most of the car's controls – including the cruise control and the audio system.

Shown with optional equipment.

HOLD TIGHT

When it leaps into action you'll appreciate the sure-footed grip. The fuel-efficient five-cylinder engine generates an abundant flow of power. The drivetrain is a synthesis of strength and precision that provides an invigorating thrust. The Volvo S60 likes to perform for an audience, so choose your passengers carefully.

< ENGINE

The 5-cylinder engines form the core of your driving experience, providing power on demand. Cutting-edge technology and advanced engineering result in quick acceleration, but not at the expense of fuel consumption or emissions. The engine range spans from the exhilarating 300 hp R to the highly efficient 208 hp light pressure turbo powerplant.

TRANSMISSION >

The engine's power reaches the road through a range of five or six-speed transmissions. To give you the best of both worlds, the optional Geartronic automatic transmission offers you the convenience of a fully automatic ride, or lets you shift through the gears manually for faster acceleration or to utilize the engine's braking capacity.

THE POWER OF FOUR

How about using all four wheels to their greatest potential? Volvo's active chassis with its unique Four-C technology continuously adjusts the suspension according to your driving style, speed and current road conditions. And to fully utilize the physics of all four wheels, there's Volvo's pre-charged AWD with Instant Traction™ – providing instant take-off and superior traction on all surfaces.

AWD WITH INSTANT TRACTION™

The Volvo S60 2.5T AWD employs Volvo's new pre-charged, electronically controlled all-wheel drive system – AWD with Instant Traction™. The difference is noticeable from the moment you start off – constant hydraulic pressure ensures that power is instantly divided among the wheels with the best traction. Wheel spin is minimized to provide immediate acceleration and reassuring stability in slippery conditions. During normal driving on straight dry roads, the front wheels receive up to 95% of the power for optimum stability and fuel economy. As the situation dictates, up to 50% of the power is instantly distributed to the rear wheels – depending on what is required to provide maximum stability and traction. And when cornering, the AWD system channels power where it's needed most to provide sharp turning and consistent stability throughout the curve.

THE OPTIONAL ACTIVE CHASSIS WITH FOUR-C (CONTINUOUSLY CONTROLLED CHASSIS CONCEPT)

The advanced chassis system monitors the car, road and driver 500 times per second and simultaneously adjusts each shock absorber for optimal handling and comfort. At the heart of the system is Volvo's semi-active suspension with continuously controlled Monroe-Öhlins shock absorbers – featuring the two dynamic chassis modes: Comfort and Sport. The shock absorbers, stability system, engine, brakes and steering all interact in an electronic system controlled by you. The shift from Comfort to Sport is done with the simple press of a button.

COMFORT

For when the road is slippery or bumpy, when driving in town, or when you just want a relaxed ride. The Comfort chassis mode insulates the car's occupants from irregularities in the road surface. The system prioritizes low damping forces for smooth, gentle body movements and exceptional ride comfort.

SPORT

For a sports car feel and a lively yet comfortable drive. The system prioritizes rapid reactions. It results in decisive body movements – for more precise handling with quicker steering response and tenacious traction.

DRIVING AHEAD

Four-C continuously analyses a series of driving parameters, instantly adjusting each shock absorber to suit current conditions.

DRIVING ON BUMPY ROADS

The shock absorbers adjust immediately to provide the most comfortable ride possible – the system absorbs anything the road has to offer.

BRAKING

The moment you brake, the shock absorbers readjust to level the car throughout the braking process – providing enhanced control and maximum grip.

CORNERING

As the car enters a curve, the Four-C system restricts the shock absorbers so the car steers neatly into the bend, with speed and balance. When turning further, Four-C ensures that the car remains stable yet responsive throughout the curve.

**A NEW PINNACLE IN
PERFORMANCE TECHNOLOGY**

Imagine truly high performance, poised for action – ready for the moment you feel the urge to use it. This is the Volvo S60 R, a powerful yet refined machine to fulfill your every driving desire. To find out more, see the Volvo R brochure.

STIMULATING SAFETY

One thing the Volvo S60's preventive safety won't prevent is driving pleasure. Take the solid body for example. Its rigid structure helps absorb the forces that are the natural result of a spirited drive down a winding road. At times like this, you'll also appreciate the attentive steering, and STC or DSTC, with the advanced technology to help keep you on track.

ACTIVE STABILITY SYSTEM

STC (Stability and Traction Control) is an anti-spin system that improves traction in slippery situations by temporarily reducing engine torque. The enhanced version, DSTC (Dynamic Stability and Traction Control) also features an anti-skid function that brakes one or more of the wheels to help keep the car on course. Both systems react smoothly, efficiently, and instantaneously. For sportier driving or when driving in snow or sand, the anti-spin function can be reduced by the simple press of a button. (STC is standard, DSTC is standard on T5, optional on 2.5T and AWD.)

ANTI-LOCKING BRAKES WITH EBA

Designed to handle even the toughest tests, the power of ABS will not fade away when it's needed most. So you can put your foot down as you steer clear of trouble. And if you don't press the pedal hard enough, EBA (Emergency Brake Assistance) steps in with a power boost to help bring the car to a standstill in the shortest possible distance.

BI-XENON (OPTIONAL)

As darkness descends, you will appreciate the powerful and effective low and high beam headlights. And for an even broader and longer beam of light, you can add Bi-Xenon headlights. Integrated front and rear side-marker lights make it easier for other road-users approaching from the side to see your car.

Like its siblings, the Volvo S60 was conceived in the Volvo Safety Centre. One of the most advanced facilities of its kind, this is where we crash test every model we make. Above and beyond countless computer simulations, we conduct over 400 full-scale collisions each year. These tests are based on what our researchers discover on the roads – we've investigated over 30,000 actual accidents since 1970. In fact, everything we do to make cars safer begins, and ends with real-life traffic situations. The Volvo S60 is testimony to this fundamental philosophy.

REAL-LIFE EXPERIENCE

This fixed test tunnel is used for collision tests inside the center, and for rollover tests outdoors.

Within the center, our 850-ton barrier can be positioned and configured to replicate the dangers of countless real-life traffic situations. What's more, this is where collisions take place between a vehicle entering the center through the fixed tunnel and another entering from a pre-defined angle via the movable test track.

The movable test track allows us to test our vehicles on various outdoor surfaces. As the illustration shows, it even provides the opportunity of crashing into solid Swedish bedrock.

WHIPS (WHIPLASH PROTECTION SYSTEM)

Whiplash is one of the most common traffic injuries, often resulting from low-speed rear impacts. WHIPS helps reduce the risk of long-term whiplash injuries. Integrated into the front seat backrests, WHIPS supports the spine and neck in a controlled manner, and is triggered by impacts of sufficient force from behind.

IC AND SIPS

The inflatable curtain (IC), and a laterally mounted airbag – part of the Side Impact Protection System. These are further examples of the car's inherent safety systems developed at the Volvo Safety Centre in Sweden.

ORGANIC SAFETY

INTUITIVE REFLEXES

If a collision is unavoidable, a series of safety systems interact. Together with the airbag, the front seat belt pretensioners provide a two-phase response to help restrain the driver and front seat passenger during the course of a collision. The severity of the impact determines the level of airbag inflation.

BRIGHT EYES

Effective headlights and optional integrated high-pressure washers assure a powerful beam to help improve your night vision. For an even stronger, more focused beam of light, opt for Bi-Xenon headlights. And to help improve visibility in bad weather, options include a rain sensor that automatically starts the windshield wipers, and water-repellent front side windows and door mirrors.

MUSCULAR BODY

A web of beams and struts interact to help protect the occupants without adding unnecessary weight. This solid safety cage incorporates the Side Impact Protection System (SIPS), which distributes collision forces over a large part of the car's body. The sides are reinforced to offer added protection.

PERSONAL SECURITY

The S60 expands the scope of personal protection. Approach and Home Safe lighting with ground lighting in the outer side view mirrors illuminates the area around the car and allow greater safety when approaching or departing the vehicle. An electronic immobilizer and door locks that withstand most break-in attempts help protect against theft. A security system with sensors in the doors, hood and trunk activate an alarm if someone should ever try to break into the vehicle. And in the event of trouble

At Volvo, providing for your personal safety is a natural extension of our devotion to your driving safety. And so, a number of essential features have been added to the Volvo S60 to help you avoid threatening situations.

– press the panic button in the remote control and the alarm is sounded. For an even higher level of personal safety you can add anti-smash and grab laminated side windows and the HomeLink remote garage door opener (included in the Convenience Package). And to increase your capacity to drive away from a threatening situation, even with a punctured tire, your Volvo can be equipped with Self Supporting Run-Flat Tires, SST (included in the Run Flat Package).

PROTECTIVE INSTINCT

Emergency Brake Assistance (EBA) will detect emergency braking and assist the driver in bringing the car to a stop. And the Whiplash Protection System (WHIPS) cradles the front seat occupants to help reduce the risk of whiplash injuries. The Occupant Weight Sensor (OWS) monitors the weight of the person in the front passenger's seat, and disables the front passenger's side airbag if a child weighing less than approximately 55 lbs is seated in that position.

SENSE OF BALANCE

A broad stance and an advanced chassis promote stability, as do the AWD and Four-C options. The Stability and Traction Control system (STC) counteracts wheel spin by cutting power to a wheel until it regains traction. The Dynamic Stability and Traction Control system (DSTC)* also works to prevent skids by applying the brakes when needed. The steering is communicative yet firm. And for an enhanced sense of road feedback at highway speed, there's the option of a speed-dependent steering system.

*DSTC is optional on 2.5T and AWD.

RESILIENT FRAME

Built with high strength steel, the robust safety cage is an extremely rigid construction intended to form an enclosure around the occupants of the car. It is surrounded by the body's various deformation zones – resilient areas designed to help absorb some of the forces generated in a collision.

FRIENDS ARE WELCOME

The carefully tailored cabin provides an air of discreet luxury. Beyond its ample space, the Volvo S60 offers superior seating comfort with some highly sensual materials. Add to this the contemporary design and functionality of a modern Swede, and you're driving a car that's never going to be left behind.

CONVENIENCE, FRONT ...

The center armrest conceals numerous comforts. Fold back the upper section to access cup holders and front and rear tables. Fold back both the upper and lower sections to reveal a storage space for CDs, etc. that also provides rear seat passengers with a convenient table. Additionally, the roll-top storage compartment in front of the armrest contains easy-to-remove cup holders.

... AND BACK

Pampered by detail, rear-seat passengers will be almost as happy as the driver – even on long trips. A center armrest ensures that refreshments are always easy to reach, and that small items are secure yet accessible.

COMFORTABLE KIDS

The integrated booster cushion helps to position a child 33-80 lbs at the correct height for the seat belt. It also offers a high level of comfort and a great view. And when not in use, it's concealed in the center rear armrest. (Retailer installed option.)

KINDRED SPIRITS

At Volvo the health and well-being of people has always been close at heart. The ability of our cars to help protect occupants in accidents is a case in point. And in recent decades, this protective attitude has grown to encompass the air we breathe and the world we share.

A Volvo is a conscientious choice — enjoy yours.

CONTRIBUTING TO OUR TOMORROW

Volvo Cars is an ambitious corporate citizen. We aim to maintain the equilibrium between the needs of our company – its people, customers and partners – and the society that has enabled us to build it. Care for the environment is a vital part of this effort, as are the far-reaching responsibilities towards the people of this world. Our annual Corporate Citizenship Report is available at www.volvocars.com/citizenship

And to recognize and reward people who go above and beyond the call of duty, we created the Volvo for Life Awards program, see www.volvoforlifeawards.com

CLEAN INSIDE

The Volvo S60 cabin filter prevents dust, exhaust particles and pollen from entering the car through its ventilation system. The optional IAQS (Interior Air Quality System) monitors incoming air for unhealthy gases. If necessary it will close the vents to ensure that cabin air does not become hazardous. This also has the added benefit of shutting out unpleasant odors. To make life more pleasant for people with allergies or asthma, all the interior fabrics meet the requirements of Oeko-Tex Standard 100 – an international standard ensuring that textiles and leather are free from allergy-inducing substances, health-impairing ingredients and harmful emissions. Additionally, numerous interior components are tested with respect to contact allergies.

CLEAN OUTSIDE

More efficient engines mean lower fuel consumption and, in turn, less emission of carbon dioxide – a greenhouse gas. Advanced emission controls eliminate between 95 and 98% of carbon monoxide, hydrocarbons and nitrogen oxides. The three-way catalytic converter is positioned to provide full exhaust conversion sooner after cold starting. All Volvo S60 engines meet stringent exhaust requirements and feature a catalytic coating of the radiator – PremAir®*. This converts up to 75% of the harmful ground-level ozone passing through the radiator into pure oxygen.

CLEAN FOR LIFE

Each Volvo begins its relationship with the environment at the earliest stage of design. It's built in one of the world's cleanest automobile factories, and 85% of it can be recycled. What's more, our environmental product information (EPI), allows you to choose a Volvo on the basis of its overall lifelong environmental performance. Find out more at www.volvocars.com/eipi

CLEAN BROCHURE

At Volvo, concern for the environment is important in every aspect of what we do. This brochure is 100% recyclable. The paper is manufactured in North America utilizing the Sustainable Forestry Initiative. No paper pulp material is harvested from old-growth forests or rain forests, and it is chlorine-free. The inks and coatings utilized for print are vegetable and water-based. Even the shipping cartons contain 50% post-consumer waste and are also 100% recyclable.

*PremAir® is a trademark of Engelhard Corporation.

In a Volvo S60, the powertrain and chassis interact to provide a harmonious balance between response and comfort. The smooth, powerful five-cylinder engine is the very heart of the driving experience. You have access to the entire power output without pushing the engine, and response is instantaneous. Low internal friction and the very latest engine technology featuring electronic engine management and variable valve timing result in both dazzling performance and modest fuel consumption. At the same time, the engines also meet very strict emission standards.

THE S60 SELECTION

2.5 T

VOLVO S60 2.5T (208 HP)

Provides a beautifully balanced and spirited driving experience. The five-cylinder 2.5-liter turbocharged engine gives you access to full engine torque (236 ft./lbs.) from as low as 1500 rpm – so you can start off quickly and will seldom need to shift down, for example when passing slower moving vehicles. The very latest advances in engine technology with variable valve timing for both intake and exhaust valves ensures excellent performance and cleaner exhaust emissions under all driving conditions. With highly efficient combustion and emission control, this engine meets the very strict ULEV II emission requirements. A five-speed automatic transmission is standard, or select the optional five-speed Geartronic.

2.5 T AWD

VOLVO S60 2.5T AWD (208 HP)

Adds yet another dimension to your driving experience. Volvo's electronically-controlled all-wheel-drive system is optimized to provide superior roadholding and dependable tractive force whatever the road conditions. Drive is distributed at lightning speed between the front and rear wheels as conditions change – depending on what is needed to maintain driving stability and traction, even under difficult conditions. The experience is further enhanced by the sophisticated 208-hp five-cylinder light-pressure turbo engine, the five-speed automatic transmission, or optional five-speed Geartronic.

T5

VOLVO S60 T5 (257 HP)

The most enticing front-wheel drive sport sedan that really inspires sporty driving. The newly developed high-efficiency 2.4-liter turbocharged engine provides sparkling performance and excellent pulling power throughout the entire range of engine speeds. The engine develops full torque (258 ft./lbs) from just 2100 rpm, taking the car from 0 to 60 mph in 6.2 seconds with a manual gearbox. High turbo boost pressure means extra power at high rpm – this is an engine that invites active driving. The turbocharger also has an over-boost feature that provides additional power when pushed, for instance when passing another vehicle. Continuously variable valve timing for both intake and exhaust valves (Dual CVVT) contributes to the engine's alert response and uniform flow of power. It also helps the engine meet stringent ULEV exhaust emission requirements. This powerful engine is mated to a distinct six-speed manual transmission with a "sport shifter" gear selector or an optional five-speed Geartronic automatic transmission. The T5 also features the DSTC anti-skid system, upgraded brakes, a sports suspension and 17" alloy wheels.

STANDARD FEATURES

SAFETY:	S60 2.5T	S60 2.5T AWD	S60 T5
Anti-submarine seats	●	●	●
Daytime running lights (halogen semi-sealed with replaceable bulb)	●	●	●
Driver and front passenger supplemental restraint system – dual-threshold air bags	●	●	●
Dynamic stability and traction control (DSTC)	○	○	●
Emergency trunk release	●	●	●
Five padded head restraints	●	●	●
HomeLink remote garage door opener	P	P	●
Immobilizer, encrypted ignition key	●	●	●
Inflatable side curtain (IC)	●	●	●
ISOFIX baby/child seat attachment system	●	●	●
Overhead-mounted seat belt reminder lights	●	●	●
Rear-door child-safety locks	●	●	●
Rear fog light with auto-off	●	●	●
Safe approach and home safe lighting	●	●	●
Seat belts: five, 3-point inertia-reel belts with automatic pretensioners; front belts have height adjustment	●	●	●

2-Speed windshield wipers with intermittent cycle	●	●	●

● = Standard ○ = Option P = Package

PREMIUM PACKAGE

A Volvo offers you long, relaxed drives and more spirit in your daily life. The Premium Package will provide you with some necessities for that extra ambience and convenience.

- Aluminum or Black Mesh trim (T5)
- Genuine wood inlays (2.5T, 2.5T AWD)
- Leather seating surfaces
- Power glass moonroof
- Power passenger's seat (2.5T, 2.5T AWD)

SPORT PACKAGE

Inspiring dynamics are always at hand, whenever you're in the mood. And with the Sport Package, you'll further enhance your driving experience.

- Geartronic transmission (2.5T, 2.5T AWD)
- Sport seats, front and rear (2.5T, 2.5T AWD)
- 17" THOR alloy wheels (2.5T, 2.5T AWD)

CLIMATE PACKAGE

In a Volvo you're always prepared to deal with the ever-changing forces of nature. And to increase comfort when driving in cold, rain or snow – simply add the Climate Package.

- Heated front seats
- Headlight washer
- Rain sensor

RUN FLAT PACKAGE*

A package to help increase both driving and personal safety. This system makes it possible to continue driving even with a punctured tire. Please note that the reinforced sidewalls on tires of this type result in a somewhat firmer** ride compared with conventional tires.

- DSTC anti-skid system (2.5T, 2.5T AWD)
- Self supporting tires
- Tire pressure monitoring system
- 17" ORESTES alloy wheels

*Requires Premium package

**May be most noticeable on rough or uneven road surfaces.

CONVENIENCE PACKAGE

The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Convenience Package, you expand your freedom even more.

- Auto dimming mirror (2.5T, 2.5T AWD)
- Grocery bag holder
- HomeLink (2.5T, 2.5T AWD)
- Laminated side windows (incl. WRG)
- Park assist rear
- Sun glass holder

WHISPER IN YOUR EAR

Because music is an integral part of your lifestyle, our two audio systems, the HU-650 and the optional HU-850 Premium Sound system are specifically configured for the acoustics of the Volvo S60's interior. Both systems make music worth listening to – whether you've got somewhere to drive or not. Like any high-end equipment, there are several alternatives for expanding and varying sound and function.

MUSIC AT YOUR FINGERTIPS

The advanced RDBS radio with its built-in CD player or 6-CD changer, and extras such as Volvo's digital jukebox, are conveniently controlled from the center console. The steering wheel keypad enables you to operate the audio system without taking your eyes off the road.

DOLBY SURROUND PRO LOGIC® II

The latest generation Dolby® Surround system, with center speaker and digital sound processor, recreates authentic sound and ensures that everyone in the car hears the music with the same natural quality. The result is a clear open sound with a strong sense of presence, only available in a Volvo. (Part of the optional Premium Sound System.)

VOLVO DIGITAL JUKEBOX

Using mp3 format, this 20 Gb digital jukebox enables you to take almost 400 albums on tour – that's up to 500 hours of music. Easily installed in the trunk, it allows you to choose musical category, artist, album or song from the control panel of the car stereo. To keep your eye on the road, a voice will help guide you to your choice. (Retailer installed accessory.)

PREMIUM SOUND (OPTIONAL)

Uncompromising sound of absolute world class for the discerning music lover. Volvo's most sophisticated audio system with thirteen Premium Sound speakers, an advanced Premium Sound amplifier and Dolby Surround Pro Logic® II. The speakers' power durability and excellent transient reproduction in combination with the amplifier's high capacity result in exceptional resolution and perfect dynamics. The Dolby® Surround system offers a uniquely realistic and three-dimensional audio experience whether you are sitting in the front or rear seats.

HU-850 Dolby® Pro-Logic Surround Sound includes:

- HU-850 RDBS radio with built in 6-CD changer
- 13 Premium Sound speakers
- Dolby Surround Pro Logic® II with center speaker and digital sound processor
- Premium Sound amplifier, 4x75 W plus 25 W for the center speaker
- Premium Sound digital sound processor

Can also be supplemented with a separate 10-CD changer and CD storage in the glove compartment.

* The Dolby and Pro Logic trademarks are the property of Dolby Laboratories.

- Speaker
- Speaker (optional)

PERFORMANCE (STANDARD)

An easy to use and great-sounding standard system with RDBS radio, built-in single-CD player and four speakers.

The following are included in the standard equipment:

- HU-650 RDBS radio with built in 4x25 W amplifier and single-CD player
- 4 speakers

Can also be supplemented with a separate 10-CD changer, CD storage in the glove compartment and two 8-inch coaxial speakers in the hatshelf.

RDBS features text-messaging via Radio Data Broadcast System.

VOLVO ADAPTER FOR APPLE IPOD®

This feature lets you take all of your favorite artists along for the ride. Simply plug your iPod® into a cable in the front center armrest and the choice of music is yours. Tracks can be selected by using the controls on the car's audio system, or by using the optional steering wheel keypad. Your iPod® is also recharged for as long as it's plugged in. (Retailer installed accessory.)

* iPod is a trademark of Apple Computer, Inc.

VOLVO SATELLITE RADIO

Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

FINISHING TOUCHES

Customize the look to suit your taste and temperament. Select a design from the aluminum wheels below, then add exterior trim details until your Volvo S60 is as sporty or as elegant as you'd like it.

8x18" EUDORA alloy wheels
(opt. T5 only)

7.5x17" ORESTES alloy wheels
(Available in Run flat Package)

7.5x17" THOR alloy wheels
(Available in Sport Package,
2.5T and 2.5T AWD)

7.5x17" ORPHEUS alloy wheels
(std. T5)

6.5x16" ECHO alloy wheels
(std. 2.5T AWD)

7x16" EURUS alloy wheels
(std. 2.5T)

TRUNK SPOILER

Improve aerodynamics and enhance the sporty lines of your Volvo S60 with a rear color coordinated spoiler. Prepainted spoilers available.

ALUMINUM SILL MOLDING, FRONT

These aluminum moldings featuring the Volvo emblem provide a sporty and elegant look. Sold in pairs these moldings fit both front door sills.

SPORT STYLING PACKAGE (OPTIONAL T5)

Highlights the dynamic nature of your Volvo S60, even more so in combination with the sports chassis and Eudora 18-inch aluminum wheels. Includes a front spoiler, fog lights, side skirts, rear spoiler and spoiler wing. Color-matched to the rest of the body.

INTERIOR SELECTIONS

Choose from a number of specially designed options to create the interior that best suits you. Then enjoy your creation every time you enter your car.

Leather-trimmed steering wheel (std.)

Wooden steering wheel (opt.)

Spaceball Sports gear-shift lever, aluminum with leather-trimmed gear-lever knob (manual, T5)

Leather-trimmed gear-lever knob (automatic)

Mesh aluminum trim (T5)

Black Mesh aluminum trim (T5)

Walnut wood trim (2.5T and 2.5T AWD)

TAUPE INTERIOR

Select leather Light Taupe upholstery, Walnut wood trim, leather-trimmed steering wheel and gear-lever knob.

Kilen woven
Taupe (9180)
Classic design seats
2.5T, 2.5T AWD

Select leather
Light Taupe (9981)

FACTORY-INSTALLED OPTIONS

The sense of quality and care – and knowing that you get the Volvo that suits your lifestyle. Customize your car with the options that best meet your demands and desires, and you'll soon be behind the wheel of your individually tailored S60.

PARK ASSIST, REAR

Makes it safer and back up to reverse, for instance when backing into a space between two cars. A pulsating tone inside the cabin rises to a steady signal when the object is approximately 1 foot behind your rear bumper.

POWER GLASS MOONROOF

Makes the interior feel extra light and airy. Touch a button – and you open or close the moonroof. And if the sun is too strong, you can always close the built-in sun shade.

Included in the Premium Package.

BI-XENON HEADLIGHTS

Give you even more effective low and high beams, with a broader, longer and more pleasant beam throw under all lighting conditions. Low beam height is adjusted automatically to provide the best possible light pattern when the car is heavily loaded.

Requires the Climate Package.

VOLVO NAVIGATION SYSTEM*

The Volvo Navigation System can guide you anywhere with precise audio and visual directions. Using the global positioning system, a liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. When not in use, the screen retracts into the dashboard. All map-based information is stored on DVD.

Also available as an accessory.

*Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road and traffic information. Always follow relevant regulations and road information.

DSTC ANTI-SKID SYSTEM (DYNAMIC STABILITY AND TRACTION CONTROL)

Enhances driving stability on slippery roads. The system automatically counteracts a skid as it starts, well before you even notice. Any skidding tendency is countered smoothly and effectively by the system braking one or more wheels or reducing engine power as necessary to retain control. The system also includes EBA (Emergency Brake Assistance), which helps shorten the stopping distance in emergency braking.

Standard in the Volvo S60 T5.

LAMINATED WATER REPELLENT SIDE WINDOWS

Makes it more difficult to smash a window to steal the car's contents. Additional security when you are in the car or have parked it. Also helps create an even quieter ride. What is more, the glass surfaces in the front side windows and outer rear-view mirrors are specially treated to repel water, offering far better visibility when driving in the rain.

Included in the Convenience Package.

ACCESSORIES

Volvo's accessories help you make your S60 even more suited to your personal needs. They are the only ones that have been tested to meet Volvo's exacting safety, quality and environmental requirements. You can also rest assured they're a perfect match to the technology and design of your Volvo.

PLEASE NOTE: It is not possible to reproduce exact original shades in this brochure. Ask your Volvo retailer to show you samples.
As part of our commitment to the environment, the paper used in this brochure is recycled, and color choices were printed directly on the page. This eliminates the need for chemically treated color chips. A small thing perhaps, but then, every little bit helps.

WELCOME TO OUR FAMILY

Being a Volvo owner is about more than just owning an automobile. It's about being treated in a caring, responsive and respectful manner every time you interact with our company. All of us are committed to making every aspect of your Volvo experience a rewarding one. So after the new car smell begins to fade, you'll still be excited about owning a Volvo.

**CARE
BY VOLVO**

VOLVO CAR FINANCE NORTH AMERICA

If you purchase or lease your Volvo through Volvo Car Finance North America, you can take advantage of services designed to make financing simple and convenient. Quick Debit, for instance, enables you to have your monthly payment automatically debited from a designated bank account. For more information, call 1-800-770-8234 or visit www.volvofinance.com

CARE BY VOLVO® ON CALL ROADSIDE ASSISTANCE

Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your Care By Volvo® On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

CARE BY VOLVO INSURANCE SERVICES

This exclusive Care by Volvo Insurance Services program* is designed to help you secure automobile insurance coverage at preferred rates available to Volvo owners. Our highly experienced, licensed insurance agents are ready to help you find the right coverage from a broad selection of top insurance providers – providers who recognize what makes you unique as a Volvo driver. Best of all, you get all the advantages of shopping around for special rates with one simple call to 1-877-VOLVO-05 or one simple form at www.volvocars.us/insurance

VOLVO NEW CAR WARRANTY

Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

THE VOLVO OWNERS' CIRCLE

Driving is not the only rewarding part of owning a Volvo. As a member of the Volvo Owners' Circle, you'll have access to information designed exclusively for Volvo owners. This unique online resource includes frequently asked questions, special offers, a resale value wizard, and your own Virtual Glove Box – complete with an owner's manual and more.

VOLVO GENUINE SERVICE

The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

VOLVO MOBILITY PROGRAM

The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment achieve independence. For those with exceptional transportation needs, freedom can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit www.volvocars.us/mobility. TTY users are invited to call 1-800-833-0312.

PERSONAL SHOPPER

The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

* Volvo Cars of North America, LLC is not an insurance company or agent. Its affiliate, American Road Services Company ("AMRO") and InsLogic Corporation ("InsLogic"), licensed insurance agencies provide all information regarding available insurance products. Insurance products are provided by non-affiliated participating insurance companies. Not all customers may qualify. In California, AMRO does business as American Road Insurance Agency and InsLogic does business as InsLogic Marketing Services Company.

VOLVO OVERSEAS DELIVERY
